## LOG ENTRY

CAPTAIN'S LOG, STARDATE 44531.2

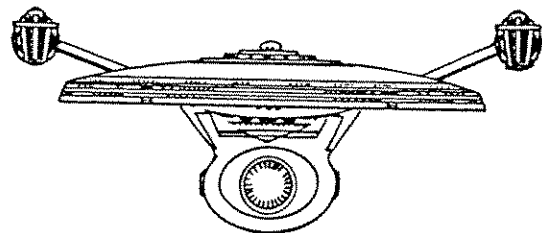

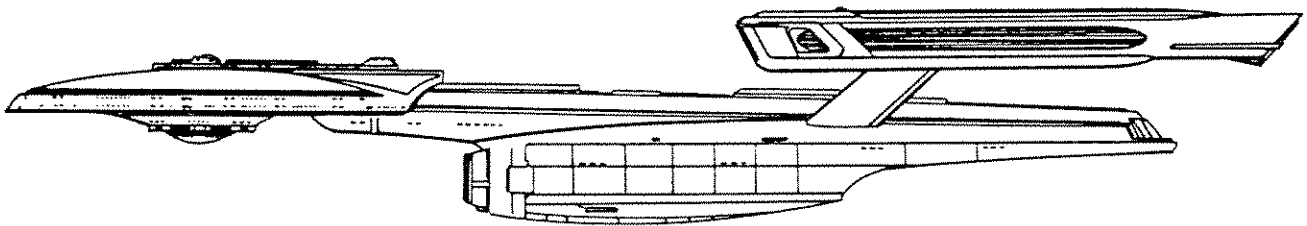

IT IS WITH A HEAVY HEART THAT I JOIN THE ARMADA AT SECTOR 93 TO BEGIN OUR OFFENSIVE AGAINST THE ROMULANS. AS WE PREPARE FOR WAR, THERE ARE STILL TOO MANY UNANSWERED QUESTIONS. I AM VERY UNEASY ABOUT THE RECENT TURN OF EVENTS... IT SEEMS TO ME THAT WE'VE BEEN MANIPULATED INTO A WAR THAT WE ARE ILL-PREPARED TO FIGHT. NEITHER ARE THE ROMULANS IN A STRONG POSITION FOR AN ALL OUT WAR. IT IS PROBABLE THAT A MAJOR OFFENSIVE AT THIS TIME WOULD LEAVE BOTH FLEETS DECIMATED AND OUR RESPECTIVE TERRITORIES DEFENSELESS. COULD THIS BE EXACTLY WHAT SOMEONE ELSE IS COUNTING ON?

CAPTAIN'S LOG, SUPPLEMENTAL.

A GREAT COMMOTION ROCKED THE FLEET AT A REQUEST FROM THE ROMULANS FOR A CONFERENCE. A DELEGATION OF ROMULANS HEADED BY ADMIRAL TALON BEAMED ABOARD THE U.S.S. ENTERPRISE WHERE THEY MET WITH CAPTAIN JEAN-LUC PICARD AND OTHER STARFLEET REPRESENTITIVES. ADMIRAL TALON INFORMED US THAT THE ROMULAN FLEET WAS PREPARED AND ABLE TO DESTROY OUR FORCES, BUT HE WAS IMPELLED TO TELL US WHO WAS BEHIND THIS WAR. IT SEEMS THEY HAD CAPTURED THE SCIENCE OFFICER OF THE U.S.S. BURKE, WHOSE CREW HAD BEEN MISSING FOR SEVERAL MONTHS. THROUGH INTERROGATION AND ROMULAN MIND TECHNIQUES IT WAS DISCOVERED THAT THEIR PRISONER WAS ACTUAL AN ALIEN OF A RACE THAT WANTED TO TAKE OVER FEDERATION AND ROMULAN TERRITORIES. THESE ALIENS WERE CAPABLE OF CHANGING THEIR SHAPE AT WILL. THEIR SHIPS ALSO HAD THIS SAME TECHNOLOGY WHICH EXPLAINES OUR DUPLICATE U.S.S. KELLY. THEIR FLEET WAS TOO SMALL TO ENGAGE EITHER STARFLEET SO THEY DEVISED A PLAN TO PROVOKE WAR BETWEEN THE FEDERATION AND THE ROMULANS. AFTER DETERMINING THE LOCATION OF THEIR BASE OF OPERATIONS WHICH WAS DEEP IN THE NEUTRAL ZONE, THE ALIEN WAS EXECUTED ACCORDING ROMULAN LAW. IT WAS DECIDED TO PROCEED IMMEDIATELY TO THE ALIEN BASE. AS WE APPROACHED THE PLANET OUR SENSORS SHOWED THAT THE ALIENS SHIPS WERE RETREATING. WE FOUND THE CREW OF THE U.S.S. BURKE AND MY OLD FRIEND COMMODORE TREBOR CEENOGE AND HIS PEOPLE FROM THE STARBASE STRANDED ON THE PLANET. JUST THEN ROMULAN WARBIRDS DECLOACKED IN FRONT OF THE ALIEN RETREAT AND OPENED FIRED. THE REST OF THE ALIENS WERE EXECUTED AS EFFICIENTLY AS THE FIRST. ADMIRAL TALON AGAIN REMINDED US OF THEIR READINESS TO GO TO WAR IF WE DIDN'T MOVE ALL OF OUR STARSHIPS TO OUR SIDE OF THE NEUTRAL ZONE. AS WE TURNED TOWARDS HOME, I THOUGHT OF ALL THE LIFE LOSSED IN THIS WAR, EVEN IF IT WASN'T HUMAN.

# ASK NUMBER ONE

THE QUESTION HAS BEEN ASKED ABOUT HOW OUR SHIP GOT IT'S NAME, AND IF THERE HAVE BEEN ANY OTHER SHIPS NAMED KELLY. AFTER CHECKING MANY SOURCES, I WAS ABLE TO FIND ONLY ONE SHIP CALLED KELLY. SHE WAS A SMALL FISHING BOAT WHOSE REGISTRY WAS OUT OF BLACKMOORE, IRELAND. THE SHIP AND IT'S FOUR MAN CREW WERE REPORTED MISSING AFTER A SEVERE STORM IN NOVEMBER OF 1879. FINDING NO TRACE OF SHIP OR CREW, AUTHORITIES PRESUMED THE SHIP SUNK AND THE CREW DROWNED. THIS IS THE ONLY MENTION I FOUND OF ANY SHIP CALLED KELLY.

THE STARSHIP KELLY, OUR SHIP, WAS NAMED AFTER THE KOMSOMOLSK CLASS DREADNOUGHT U.S.S. KELLY NCC-3453. SHE WAS DESTROYED IN BATTLE WITH THE KLINGONS STARDATE 8610.5. ACCORDING TO STARFLEET RECORDS, THE KELLY GOT ITS NAME FROM COLIN PURDIE KELLY, A U.S. WAR HERO IN WORLD WAR II. KELLY WAS BORN IN MADISON, FLORIDA, ON JULY 11TH 1915. HE WAS A CAPTAIN IN THE U.S. ARMY AIR FORCE, WHEN THE JAPANESE ATTACKED PEARL HARBOR IN 1941. HIS B-17 BOMBER ATTACKED THE JAPANESE CRUISER ASHIGARA ON DECEMBER 10TH 1941, SCORING SEVERAL DIRECT HITS. BUT HIS PLANE WAS HIT BY ENEMY FIGHTERS AND SET AFIRE. KELLY ORDERED HIS CREW TO PARACHUTE TO SAFETY, WHILE HE STAYED WITH HIS SHIP. HE WAS KILLED WHEN HIS CRIPPLED PLANE CRASHED ON THE PHILIPPINE ISLAND OF LUZON. CAPT. KELLY WAS POSTHUMOUSLY AWARDED THE DISTINGUISHED SERVICE CROSS. IT IS BECAUSE OF HIS OUTSTANDING VALOR AND HEROISM THAT STARFLEET COMMAND DECIDED TO NAME ONE OF ITS CLASS ONE STARSHIPS IN HIS HONOR. AS THE CREW OF THE U.S.S. KELLY WE SHOULD STRIVE TO UPHOLD THE FINEST TRADITIONS SET FORTH BY CAPTAIN COLIN PURDIE KELLY.

THE UNFOUNDED RUMOR THAT THE OFFICIAL IN CHARGE OF SHIP'S NOMENCLATURE NAMED THE KELLY AFTER AMERICAN ACTRESS GRACE KELLY WAS QUICKLY LAID TO REST BY FLEET HEADQUARTERS.

IF YOU HAVE A QUESTION YOU'D LIKE ANSWERED, DON'T HESITATE, JUST ASK NUMBER ONE!!!

*STARDATE 44901.1*

On the 10th we were invited to the U.S.S. Alioth meeting in Provo. Mr. Dave Powell joined our away mission. We had a really good turnout for the trip. It is always nice to see everyone in uniform. They had an activity where they all joined together in a group discussion to write a short story. It was really interesting to listen to everyone's input. We met some really neat people. The best part about these meetings is the people you meet. We met Comm. Doug Porray of the T-Tari Wind. He invited us to the Christening of their new ship. We were impressed with the fact that he is with the Navy. He was very interesting to talk to on the subject of ships. Especially since our captain's specialty is ships.

*STARDATE 44901.2*

Our activity night turned out to be a blast. We had some new members join us which is always exciting. The main activity that night was to write letters to stars, fan clubs, pen pals, etc. We have had a lot of people asking for this particular information, so we decided to make it into an activity. It turned out really nice. We were all fed very well since we made it Pot Luck.

On the 15th we attended to the Christening of the U.S.S. Fahrion, formerly known as the T-Tari Wind. We had to warp back in time however, but it was well worth the trip. How exciting it is to see how much Star Trek still lives. The ceremony was a wonderful experience. It was conducted in a very professional manner. Their new captain, Capt. Doug Porray, of Orem, UT. We have been very impressed with him since we met with him at the U.S.S. Alioth meeting in November. In his travels he is a real Navy man. The U.S.S. Dominion also warped in for the ceremony.

On the 29th, the U.S.S. Kelly had their Christmas/New Year's Party. Our Chief of Security, Lt. Wayne Swenson and Yoeman Ruthann Swenson were in charge. They did an outstanding job of planning and supervising the activities. We are very grateful to them for such a fine evening and all the work they put into it and for those who helped them!

We were especially excited to have the U.S.S. Collywobble join us. We met them at Mr. Dave Powell's Halloween Party. They are a Klingon ship in our area. Mr. John and Eileen Woodgate, and Mr. Brian and Chris Bradley of North Salt Lake. We have been corresponding since October. We will be planning an away mission to visit them in the next couple of months. So if there are any Klingon fans out there, we will keep you posted when this event will be.

We also had Mr. Dave Powell join our party. He is on the committee for the CONduit Convention in April 1991. If anyone has any questions regarding this convention, his phone number is 467-9517. The captain and I are planning to attend. It should be a lot of fun!

*STARDATE 44910.1*

We would like to wish everyone a Happy New Year! This new year will bring some exciting new adventures. We will be stretching our horizons, going new places, meeting new people, and more CELEBRITIES.

I was born in Salt Lake City, at Holy Cross Hospital, at 8:00 a.m. on January 15, 1970, to Connie Kirkpatrick and Timothy Sweeney.

My parents got a divorce when I was little. My mom got remarried and we moved to Virginia.

I was a real high strung kid, and woke up very early in the mornings, so my mom let me watch TV. The programs showing were Rat Patrol, Hogans Heroes, Mission Impossible, and Star Trek. I watched these shows every day (Monday through Friday). We had two TV sets, one was color the other was black and white. My brother Ryan and my sister Lindsay wanted to watch Batman, and I at the very same moment wanted to watch my Star Trek. This led to many complications that were solved in a normal fashion - with fists! (Not that I really drew blood, and sometimes I lost.) Usually I was the one who had to go upstairs and use the tiny black and white TV. Pretty sad, huh?

One of my favorite Star Trek episodes is "The Trouble with Tribbles." I like this one because of the bar fight. I appreciate Scotty; He really knows how to party, and he puts first things first.

The Chief Engineer gently persuaded me (at phaser point) to become an Engineer. But seriously, I joined this wonderful department because I like Scotty. In the classics his character wasn't explored, but I did like what I saw. He seemed to be the only person who knew what was happening, and he could fix the unfixable.

My fridge door has pictures of my favorite people on it. Commander Riker and Captain Kirk hold a place of honor, and growing the beard has now moved Riker up to slot number two on the all time Star Fleet stud sheet. Saving the best for last, the number one slot is filled by the one and only Captain James T. Kirk. The best example of why he is number one is "Mirror Mirror." Just remember how Kirk looked in that Mirror Universe uniform. Another contributing factor to his placement is his beautiful hazel eyes, and his bulging biceps are mighty fine indeed.

Now that I have joined the U.S.S KELLY, I find associating with fellow Star Trek fans to be fun, exciting, and a real learning experience that I will never forget. I.D.I.C (Infinite Diversity in Infinite Combinations), meaning "Something in the real world."

THE OFFICERS AND CREW OF THE U.S.S. KELLY WOULD LIKE TO WELCOME A NEW STARSHIP TO THIS SECTOR, THE U.S.S. FAHRION. ON DEC. 15, 1990 A FEW OF MY OFFICERS AND MYSELF HAD THE OPPORTUNITY TO ATTEND HER CHRISTENING. THEY STARTED THEIR FAN CLUB AS A SHUTTLECRAFT, THE T'TAURI WIND, FROM THE U.S.S. ALIOTH IN OREIL. IT WAS A SIMPLE CEREMONY WHEREBY DOUG PORRAY WAS MADE HER CAPTAIN BY CAPT. DEBRA JACKSON OF THE U.S.S. DOMINION. HIS FIRST OFFICIAL ACT WAS TO PRESENT SOME PROMOTIONS TO HIS NEW CREW AND GIFTS TO HIS SENIOR OFFICERS. AFTERWARDS WE ALL VISITED ONE WITH ANOTHER AND ENJOYED THE FOOD THAT WAS BROUGHT FOR THE OCCASION. THE STARSHIP FAHRION IS NAMED AFTER A CURRANT NAVY VESSEL OF WHICH I THOUGHT YOU MIGHT ENJOY COMPARING THEIR SPECIFICATIONS WHICH IS LISTED BELOW. I HOPE WE CAN EXPLORE THE GALAXY TOGETHER.

## TREKKIN'

Star Trek hobbyists fall into three categories. The first are the trekists. Trekists are people who may follow the syndicated Trek episodes, or on occasion, may attend a few conventions but who are not actively involved in collecting memorabilia. They are usually in a club because they want to be with a spouse or a friend. They are not trivia addicts, nor do they want to be. The second group of hobbyists is called trekkies. Trekkies make up the body of the club and will see the movies or episodes more than once. They have some trivia knowledge and know some titles and story lines. They will attend conventions on a more regular basis than trekists and will collect some of the memorabilia. Last, but definitely not least, is the group called trekkers. These are the ones who are the go-getters, the leaders of the club. They greet one another with "Live long and prosper" while displaying the Vulcan sign; and every conversation will be formulated with Trek quotes. They not only watch the episodes and movies, but they own them on video tape. They are so involved that they live on a ship that flies around the galaxy to various planets and star bases. Some have taken on titles such as "Captain" and "Number One" and are very proud when someone acknowledges them as such. Trekkers buy all of the comic books, novels, technical manuals, collectible plates, and even pewter replicas of the ships. They attend every convention no matter the place or the cost and know every minute piece of trivia. They eat, drink, and sleep Trek. From trekist to trekker, all are happy to be a part of Trek.

## **Trek warps past original**

Wil Wheaton is leaving the show, and Leonard Nimoy may make a guest appearance. That's the news from *Star Trek: The Next Generation*, which surpasses the original with its 80th episode this week—one more than the 79 shot for the original *Star Trek*.

"We've discussed with Leonard Nimoy the possibility of his appearing on the show. But no plans have been made," says Rick Berman, executive producer of the syndicated series.

Berman says two ideas for using Spock were drawn up some time ago. "One was to have him come back as a man 80 years older, which wouldn't be a problem because Vulcans age slower. The other was a story that dealt with a unique form of time travel. That would have presented Spock at his own age." The latter sounds more likely, since in an episode last season, Sarek, Spock's 202-year-old dad, paid a visit to the Enterprise and seemed to suggest his son had died.

The departure of Wheaton, who plays Ensign Wesley Crusher, is still top secret but should take place within a handful of episodes. The actor, best known for his

part in the film "Stand by Me," has a number of other projects to pursue, including another TV series for Paramount, which produces *Star Trek*.

Meanwhile, the series will go ahead with storylines that feature Commander Riker (Jonathan Frakes) waking up to discover that 16 years have gone by and that he's now the captain of the Enterprise—but he can't remember how he got there; Councilor Troi (Marina Sirtis), who is gifted with empathetic abilities) finding herself empathetically blind; and Captain Jean-Luc Picard (Patrick Stewart) being badly hurt in a shuttlecraft accident and left stranded on a deserted island.

For the 80th episode itself (appropriately titled "Legacy"), the crew of the Enterprise face a distinctly 20th-century challenge: gang warfare. When two crew members are taken hostage, the Enterprise is forced into a rescue attempt with one of two gangs that run a space colony.

### THE U.S.S. KELLY WITH A HEAD START

By special request the U.S.S. Kelly returned to earth to speak to a pre-school on the prospect of joining Starfleet. We arrived at our destination at approximately 1500 hours (3:00) in Salt Lake City, Utah at the school Salt Lake Head Start. Upon arrival we proceeded to speak to many young people. There were quite a few questions on Starfleet glories and missions. A few mistook Captain Hollinger for a more publicly known figure, Captain Jean-Luc Picard. He didn't want to disappoint them so the captain chose not to tell them he wasn't Captain Picard.

After our presentation we were taken on a tour of the school. It was fascinating how many opportunities this school had to offer. For one, they have a special class for children with learning and behavior progress. There they are taught to stop and listen to learn. Then they have regular classes to teach the basics they need for their next school. The regular classes there are A.M. and P.M. classes. They have all day classes as well for parents that work or go to school. They also have classes for parents such as cooking, sewing, parenting, etc., making this school a benefit to both parent and youth. The parents are very much involved in the workings of their school through the Parents Police Committee. This is made up by parents elected by parents to help vote parent's opinions in the school. Both parents and staff are very proud of their school making these youngsters very good candidates for Star Fleet's tomorrows.

We beamed out very glad that we had come, and hoped to visit again.

The visiting dignitaries, consisting of the crew of the U.S.S. KELLY, Capt. and First Officer of the U.S.S. COLLYWOBBLE (KNOWN as John and Eileen, and Brian Bradley) and Dave Powell. They arrived at approximately 1930 hours on SD: 122990. The reason for this meeting was to have a night of food and fun. The boarding parties incurred some difficulty obtaining entrance to the room. Entering from the front was more difficult than entering from the back.

When the dignitaries arrived they found cryptic messages in various locations. With a lot of discussion and laughter the messages were soon deciphered. A basket of exotic fruits from different solar systems was awarded to Brian Bradley for solving the most messages. During this time Lt. W. Swenson was making final security preparations so that the banquet could begin. (Actually he was cooking.) When feasting was to begin Yeoman R. Swenson who was standing on crutches in the hall was almost trampled by people moving to the banquet hall. The banquet consisted of a baked potato bar with various toppings, punch, and ham. After the dinner the dignitaries retired to the meeting hall where they were entertained by jokes, games, pictionary, and to see who could blow the balloon up the fastest. Fun was had by all, we wish to thank all who made this night fun.

# STARGAZER

I know that many of you are familiar with the episode "Conscience of the King" from the classics. How many of you are aware that we have one of the stars from that episode living in Utah? The character's name is Dr. Thomas Leighton, actor Bill Sargent. Since his wife works for Delta airlines they are able to fly cheaper. He and his wife stopped in Salt Lake to have dinner during one of their flights. They loved the people so much that they decided to move here from California. He then purchased the Broadway Stage on Main Street, in Salt Lake City and began renovating it. He used the seats from the old Centre Theatre. The theatre has a capacity of 250. His plays are mostly contemporary, using local talent.

He was recently thinking of having Walter Koenig and Mark Leonard come to do their play "The Boys of Autumn". He wanted to find out how many Star Trek fans are here in the area. He called the Hilton Hotel where the last convention had been, and found out about our fan club. He has been in contact with us several times since then. He has also invited us to a special play in March. After the play, he has invited us to meet with him and the cast members.

We are all excited for this event and hope to see a lot of people able to go.

FYI

Leonard Nemoy has become a very busy director. Did you know that he directed the Oldsmobile commercial he was in? It looked very good! You would have never known it was his first commercial.

Patrick Stewart has his Green Card. You will see him doing more things now. How about Patrick's dynamic voice in Pontiac commercials! For the most part he likes to support the arts or various charities.

Nichelle Nichols is doing fantastic with her show "Reflections". The critics have given it wonderful reviews, especially in L.A. and Toronto.
